Dear Glen Heller,

You recently uploaded COVID-19-related documents in preparation for your trip. Thanks a lot for submitting them in advance!

We'd like to let you know that all your COVID-19 related documents are approved.

Please make sure to bring a hard copy or a digital copy of this e-mail.

Some countries require you to bring a hard copy of your COVID-19 related documents. Check KLM's [TravelDoc](#) to see if this applies to your trip.

Because your documents are already approved, you can [check in online](#) (from 24 or 30 hours before departure) or at the self-service kiosk at the airport and receive your boarding pass. If you have already checked in, you can now receive your boarding pass by visiting the [check in page on KLM.com](#) again or the self-service kiosk at the airport.

Please note that this mail only concerns your COVID-19-related documents. Your other travel documents, like your passport or ID card, will be checked separately at the airport.

If you have any questions, please contact us at [KLM.com](#).

We look forward to welcoming you on board!

Kind regards,

KLM Royal Dutch Airlines
